NUMBER 70.

INAUGURATION DAY.

Arrangements For the Event Are Almost Complete.

IT WILL BE A GRAND AFFAIR.

In Point of Brillancy It Will Surpass Anything Ever Attempted—The Decorations Will Be Lavish—Thirteen Thousand Dollars Will Be Spent by the Inaugural Committee For One Hall.

WASHINGTON, Feb. 15.—The arrangements for the inauguration of President-elect McKinley two weeks from next Thursday are rapidly nearing completion, and the indications are that in point of brilliancy and attractiveness, the ceremonies, the decorations and the festivities incident to inauguration week will be more lavish than those of former years. In the decorations of the ball room finer results are expected than ever before. All spectacular effects will be avoided and a more artistic and harmonious arrangement of flowers, lights and bunting will be secured. About \$13,000 will be spent by the inaugural committee in decorating the main ball room and the private room set apart for the use of the presidential and vice presidential parties.

The great height of the court of the pension building, where the ball will be held, will be overcome by bunting festooned from the center of each of the three divisions of the court to the top of the second gallery. The bare walls everywhere and all of the smaller pillars will be covered with bunting as a background for the flowers and greens which will be the prominent features of the decorations. The bunting and thousands of tiny electric fairy lamps will be used principally to bring out in greater relief the floral designs. The president and vice president, with their families will attend the ball and will be in charge of a reception committee, of which Major General Nelson A. Miles is the chairman. The cost of tickets to the ball has been fixed at \$5 for each person and \$1 extra if supper is desired.

In answer to many inquiries received at headquarters it may be stated that no invitations to the ball are necessary to secure tickets and none are issued except to foreign ministers. Tickets are now on sale and may be had by any one at the price named. The promenade concert will consist of six selections and the dance programs contain 28 numbers. The ball will be held on Thursday night, and in addition a series of five inaugural grand concerts will be given in the ball room on the following Friday and Saturday. The ball decorations will remain in place. The first concert the Republican glee club of Columbus, O., will sing a number of patriotic airs.

At 2 o'clock on Friday afternoon a concert will be given in honor of the United States navy, represented by Rear Admirals Walker and Ramsay, and at night the concert will be given in honor of the states of the Union, represented by the governors of the states and their staffs. The concert Saturday afternoon will be in honor of congress, represented by the president of the senate and the speaker of the house. The last concert, Saturday night, will be in honor of the people of the United States and will consist of music by the Twenty-second regiment band and a chorus of 500 voices. Admission to each concert will be 50 cents.

Norwithstanding the fact that the Pennsylvania national guard finds it impossible to attend the inauguration, the probabilities are that the parade will be very large. General Horace Porter of New York with the members of his staff is busy with the details of arranging the divisions. General Porter will act as grand marshal, and will have as his chief of staff Mr. A. Noel Blakeman of New York, Colonel H. C. Corbin, U. S. A., as adjutant general, and Captain John A. Johnston, U. S. A., as chief of aides with Captain William Edward Horton of the District of Columbia national guard special aid and military secretary.

The parade will be organized in two grand divisions, one civic and the other military. General Grenville M. Dodge will be chief marshal of the first grand division, to be composed of military organizations. He will have as chief of staff General Huidekoper of New York and Colonel Joseph P. Sanger of the United States army, adjutant general. This military grand division will be subdivided into three separate divisions. The first division will be organized into two brigades, the first comprising United States troops, as well as the naval battalions. This first brigade will be commanded by Major General Wesley Merritt of the United States army. The second brigade will be composed of the national guard of the District of Columbia, 1,500 strong, and the Washington high school cadets, 400 strong, all under the command of General Cecil Clay of the District of Columbia national guard.

The second division of the military grand division will be composed of the national guards of the various states, headed respectively by the governor and staff of each state and arranged in order from front to rear in the order in which the states entered the Union. The third division of the military grand division will be composed of all veteran organizations, including the Grand Army of the Republic, the Loyal Legion, the Union Veterans' union, the Union Veteran Legion, the Regular Army and Navy union, etc. The third division will be commanded by General O. O. Howard of the United States army; General S. S. Burdette, past commander-in-chief of the Grand Army of the Republic, as his chief of staff.

The civic grand division will be commanded by Mr. B. H. Warner of the

city of Washington as chief marshal and will be made up of civic clubs of all descriptions. Prominent in this grand division will be the Republican National League of which Mr. D. D. Woodmansee of Cincinnati, its president, will act as marshal. It is estimated that there will be from 40,000 to 50,000 people in the parade, and in order to move so vast an army in the space of time allowed they will be so formed that they can be marched past a given point at the rate of 12,000 an hour. Conspicuous among the civic organizations will be the delegation of about 200 students from the Indian school at Carlisle, Pa.

Governor Bushnell of Ohio will command a military division. The United States regular troops of the military grand division will be composed of ones battalion of engineers from Willett Point, N. Y.; two regiments of infantry, the Seventeenth from Columbus barracks, and the Ninth from Sackett Harbor, one regiment of cavalry, four troops from Fort Meyer and four from Fort Ethan Allen, 12 batteries of heavy artillery, marching as infantry, and two light batteries. The national guard of the states will be represented in the parade by several regiments and independent commands. A large number of separate companies also are expected to be present.

BROKEN UP.

The Last Member of the Stratton Gang Has Finally Been Run In.

DENVER, Feb. 15.—Harry Davis, charged with the murder of Night Officer Joseph Baker, at North Baltimore, O., June 21, 1896, has been arrested in this city. He is said to be the last member of the Stratton gang of postoffice robbers. Officer Baker discovered Davis, Bob Curry and Doc Lee in the act of robbing the North Baltimore postoffice. They killed him but were captured. Davis escaped from the Toledo (O.) jail, through the connivance of Turkeys. Curry and Lee were tried, convicted and sentenced to the penitentiary for life. Davis was betrayed to the police of Denver by his youngest brother, Guy, with whom he had been traveling through the south and in Mexico since his escape. They arrived in Denver a week ago.

Senator George Moved.

WASHINGTON, Feb. 15.—Senator George of Mississippi, whose condition has been improving for several days, has left for his home at Carrollton, Miss. His physician thinks he will be able to stand the trip without danger. He was accompanied by his daughter and two sons.

What the Powers Will Do.

CONSTANTINOPLE, Feb. 15.—It is stated that the Powers have agreed to instruct the naval commanders at Crete to prevent any act of aggression. The commanders are allowed a certain amount of liberty of action and will be permitted to take the initiative if necessary.

Duel Fought in Chicago.

CHICAGO, Feb. 15.—Two Italians fought a duel last night at the foot of the Columbus monument in Lake Front park and the challenger, Baptiste Melleri, was shot to death by Joseph Bernascerie. The duel was deliberately planned, the men quarreling over the subject of anarchy.

Will Lie in State.

LEXINGTON, Va., Feb. 15.—The remains of Hon. John Randolph Tucker will lie in state here today and be taken to Winchester, Va., by special train Tuesday for interment. The faculty and students of the university will attend the burial.

Tennessee's State Exhibit.

NASHVILLE, Feb. 15.—The house has passed the senate bill making an appropriation for a state exhibition at the Tennessee centennial exposition, and Governor Taylor has approved the bill. The state, counties and Nashville have subscribed \$246,000.

Dr. Briggs Sails For Europe.

NEW YORK, Feb. 15.—Dr. Charles A. Briggs, once of the Union Theological seminary, whose trial on the charge of heresy some years ago attracted widespread attention, sailed Saturday for Liverpool on the Cunard steamship Aurania. He will be absent a year.

Minister Ransom Returning Home.

CITY OF MEXICO, Feb. 15.—United States Minister Ransom is on his way back to North Carolina, having been summoned by a telegram announcing the serious illness of his wife. It is feared here that the minister will not return before his successor is appointed.

Senator Harris Improving.

WASHINGTON, Feb. 15.—The condition of Senator Harris of Tennessee continues very favorable, although it probably will be several weeks before he can resume his senatorial duties.

British Orders.

ATHENS, Feb. 15.—Prince Nicholas has started for Larissa, Thessalia, with the Third Artillery regiment. It is stated that the British admiral commanding in the Cretan waters has orders to prevent any collision at sea between the Turks and the Greeks.

Prince George arrived at Canea yesterday. He received a visit from the commanders of the foreign men-of-war. Later he returned to Milo with the flotilla.

Indications.

Increasing cloudiness, probably followed by local rains; slightly cooler in West Virginia and the southern portions of Ohio and Pennsylvania; northerly winds, becoming variable.

DRAWING TO A CLOSE

Only a Little Over Two Weeks of This Congress.

WHAT THEY WILL TRY TO DO.

Probable Program of Both the House and Senate For the Present Week—Appropriation Bills Will Occupy Most of the Time—It Is the Purpose of the Senate to Let Other Legislation Go.

WASHINGTON, Feb. 15.—In two weeks from Thursday the present congress expires by limitation, and from this time forward all things legislative will have to give way to the appropriation bills which must be passed before the final adjournment. Mr. Cannon, the chairman of the appropriations committee, pointed out on Friday the necessity for expedition. Although the house has disposed of 10 of the 13 regular appropriation bills, two of the three which remain, the sundry civil and the general deficiency, are those containing the miscellaneous items, which provoke the most bitter opposition both for their sins of omission and commission. It is into these two bills that the members seek to crowd appropriations which have been pigeon-holed throughout the session, and heroic measures are sometimes required to prevent them from being made the vehicle of carrying through appropriations and legislation which the leaders have resolved to kill.

The senate has usually made a practice of loading up these two bills especially and the contests between the two houses over them are generally prolonged until almost the hour of final adjournment. The refusal of those in control of legislation in the house to give time for the consideration of public building bills, more than 100 of which have been favorably reported by the committee, so angered some of the members that they talked of trying to secure these appropriations in the sundry civil bills. Those who are interested in the river and harbor projects authorized by the last river and harbor bill, for which no provision is made in the sundry civil (including Wilmington, Del., Kentucky river, dams 2 and 5 of the Ohio, Oakland, Cal., and Yakima, Or.) are bristling with fight.

The friends of the free home bills as amended by the senate would like to saddle this measure also on the sundry civil as the only means of resurrecting it.

The three remaining contested election cases will occupy the time until the naval appropriation bill is brought forward toward the close of the week. As the session draws to a close a partisanship is cropping out, as it did Saturday, and there will probably be some very lively debates. The preparation of the general deficiency will be begun early in the week. The crowding toward the close will be greatly relieved by the rule which makes the last six days' session of suspension days. This will enable those in charge of the imperative bills and conference reports to secure a direct vote on any proposition with but 20 minutes debate on a side.

Senate Program.

WASHINGTON, Feb. 15.—As much of the present week as may be necessary will be given up to the consideration of appropriation bills by the senate. There has been no accumulation of these bills on the calendar and with only a little more than two weeks of the session remaining, it is not intended by the senate managers that there should be. They will insist that the appropriations shall take precedence whenever they are ready to proceed.

The only appropriation bill now on the calendar is that providing for the expenses of the Indian service, but it is expected that the conference report on the legislative, executive and judicial will be presented early in the week and that the bills making appropriations for the District of Columbia and for fortifications will soon follow.

It is the purpose of Senator Pettigrew, who has charge of the Indian bill, to call it up Tuesday. It is expected that several provisions in the bill will lead to animated debate, notably those providing for the introduction of radical reforms in Indian territory and for the disposition of the unallotted lands in the Uncompaghe reservation in Utah. These are questions which have been before the senate in various ways several times, and they have always excited more or less debate. The legislative bill will not consume much time for the reason that the house conferees have conceded most of the senate amendments.

It is impossible to say how much of the senate's time during the week will be given up to the consideration of the arbitration treaty in executive session, but all the indications are unfavorable to any prolonged discussion of this subject and the chances now seem to be that not to exceed one or two more sessions will be devoted to it. It is barely possible that it may not be taken up again at all, but the probabilities are that it will sometime during the week be formally postponed until after the 4th of March. If the appropriation bills and the arbitration treaty permit Senator Hoar will call up the bankruptcy bill and make an effort to secure a vote upon it.

A BUG IN HER HEAD.

Mrs. Swan Probably Dying From a Peculiar Malady.

LAPORTE, Ind., Feb. 15.—Mrs. William Swan of Elkhart is dying from a cause which the medical fraternity is powerless to remove. One night last summer a bug, commonly known as an "electric light bug," found lodgment in

in the woman's left ear. An attempt to dislodge the insect seemed to drive it further into the aural orifice, and her suffering soon became intense. A surgeon was successful in removing a small portion of the bug, which finally worked its way into her head.

A council of physicians held Saturday made the discovery that the insect had left a large quantity of larvae in her head, the interior of which is alive with the rapidly increasing and developing insects. Mrs. Swan's mind has become affected and she will die bereft of her reason.

FIRE IN A PRINTING OFFICE.

Sixty Thousand Dollars' Worth of Property Destroyed in Pittsburgh.

PITTSBURGH, Feb. 15.—The office of The Post on Fifth avenue, was almost totally destroyed by fire Sunday morning, causing a loss to the paper of about \$60,000, well insured. Loss on the building is not yet known. The only other tenant in the building was Gleason, the railroad ticket broker, whose loss was small. The Commercial-Gazette, next door to The Post, was in imminent danger, but good work by the firemen saved that plant, the only damage being caused by water which flooded the cellar.

The Commercial presses and engine are thus, for the time being, disabled. The paper's edition this morning was printed at The Press office. Both The Post and The Commercial were promptly tendered the use and service of machines, presses and office of the other newspapers in the city. The Post will be issued from the office of The Leader until a new plant can be established. The temporary business office of The Post will be on the first floor of the Carnegie building.

The fire which caused the trouble was a mysterious one, breaking out at about 8 o'clock and had made a flue of the freight elevator shaft, getting under a big headway before the watchman discovered it.

It is supposed that electric wires are responsible for the conflagration.

The flames shot up the elevator shaft from the first floor and in a very short time had communicated to the entire building, which was soon beyond hope of being saved.

On the fourth floor was the composing room, where the linotype machines (10 in number) were all so badly damaged that they will have to be rebuilt.

Type and other material were also a complete loss.

In the editorial rooms, on the third floor, the complete files of the paper were destroyed and everything in the room drenched with water or consumed by the flames.

The business office is a wreck. The large safe broke through the floor and crashed down upon one of the presses which was immediately under it in the basement.

EX-CONGRESSMAN IN TROUBLE.

Mr. Smedley Darlington Charged With Embezzlement.

WESTCHESTER, Pa., Feb. 15.—Ex-Congressman Smedley Darlington has been arrested on a charge of embezzlement arising from the financial troubles of the Westchester Guarantee Trust and Safe Deposit company of which he was president before the appointment of receivers. The charge is preferred by Mrs. A. Burnett of Malvern who alleges that on Dec. 2, last, Darlington received from her on deposit \$1,300, knowing at the time that the company was insolvent. Darlington was held in his own recognizance for a further hearing. The offense with which he is charged is punishable by a fine of double the amount received and imprisonment from one to three years.

Mr. Darlington declares that the prosecution is actuated by malice and that the institution was solvent at the time specified. Mrs. Burnett's attorneys announce, on the other hand, that other arrests will follow. The receivers of the company have entered bond in \$100,000.

British Appointment.

LONDON, Feb. 15.—Sir Alfred Milner has been appointed governor of Cape Colony to succeed Lord Rosmead, better known as Sir Hercules Robinson, who resigned on account of ill health. Sir Alfred Milner, K. C. B., son of Charles Milner, Esq., M. D., born in 1854, educated at Balliol, Oxford, (B. A., 1877, M. A., 1879); bar, Inner Temple, 1881, was principal private secretary to the chancellor of exchequer (Right Hon. C. I. Goschen, 1887-9), and secretary for finance in Egypt in 1889-92, since which time he has been chairman for the board of internal revenue; unsuccessfully contested Middlesex, Harrow division (Liberal), 1885; author of "England in Egypt."

Will Head His Regiment.

MONTREAL, Feb. 15.—Lieutenant Colonel Strath, commander of the Fifth Royal Scots of Montreal, who is an honorary A. D. C. to the governor-general, accompanied by Mrs. Strath, left last night for Nashville to join Lord and Lady Aberdeen at the wedding Wednesday of Hon. Archibald Majoribanks, a brother of Lord Tweedmouth, and Miss Missie Brown. Colonel Strath will appear in the uniform of his regiment, consisting of plumed bonnet, red tunic with white facings, kilts made of the Argyll tartan and a stout pair of bare legs.

CONSTANTINOPLE, Feb. 15.—A Greek warship yesterday fired on a Turkish vessel conveying soldiers from Candia to Canea. As a result of Friday's scenes, the ambassadors decided to recommend to their respective governments that the powers occupy Canea, Retimo and Candia for the purpose of affording protection to the Mussulmans.

HEADS FOR TARGETS.

How Spanish Troops Shoot Down Pacificos.

LETTER THAT ESCAPED CENSOR.

Cruel Butchery of Pacificos by a Band of Spanish Guerrillas—American Woman Stripped by Spanish Soldiers—A Protest Made in the House of Congress Over the Recent Outrage.

KEY WEST, Fla., Feb. 15.—A letter from Matanzas speaks of the cruel butchery of a camp of pacificos by a band of Spanish guerrillas under Major Consar-tez. The pacificos were encamped near a lake 10 miles south of Matanzas. They were afraid to come into that city on account of there being no food and because smallpox and other diseases were so prevalent.

Major Consar-tez was sent to bring them in. Surrounding the camp, his soldiers burst in upon the poor people with wild yells, shooting as they advanced. Five fell at the first fire, two being women.

Alarmed and scarcely knowing what to do, the others dashed into the shallow waters of the lake, endeavoring to hide under the leaves of the big lily pads and other large-leaved plants. The Spanish troops selected their human targets and coolly began shooting at them, killing at every shot. The screams and agonized entreaties of the poor, frenzied wretches were terrible, and more than one soldier threw down his gun and refused to fire. The offers of the Cubans to surrender were received with shouts of derision and the butchery only ceased when not a head was visible. Major Consar-tez' official report stated that his detachment had been attacked at the lake and that they killed the insurgents in the fight that followed. Twenty-five pacificos, men, women and children, were killed.

STRIPPED AMERICAN WOMEN.

Mr. Cummings Scores the Government For Remaining Passive.

WASHINGTON, Feb. 15.—Representative Cummings of New York has introduced a resolution requesting the secretary of state to give the house of representatives any information he may have concerning the incident of the stripping of three lady passengers on board the United States mail steamer Olivette, in the harbor of Havana, by Spanish soldiers and detectives. The resolution recites that the alleged occurrence was described in a New York paper. The resolution was referred to the committee on foreign affairs, and a report is expected early this week.

Mr. Cummings said as to the resolution: "If an English woman on an English vessel had been stripped by Spanish officials as it is alleged that an American woman was stripped, within 48 hours Moro castle would come down, or some apology would be made for it. I doubt even if Japan would have stood it. Furthermore, if the American government stands it, in my opinion, it indicates total loss of manhood and the keenest sympathy with savage inhumanity."

GENERAL JOSEPH SHELBY DEAD.

Unconscious For Nearly a Week Before the End Came.

KANSAS CITY, Feb. 15.—General Joseph Shelby died at his country home, eight miles from Adrian, Mo., Saturday. The end came peacefully. The patient had been unconscious since early last Monday morning, and had been slowly dying since that time. General Shelby was taken seriously ill 10 days ago with pneumonia and gradually grew worse.

General Joseph Orville Shelby was born in Lexington, Ky., in 1831. At 19 years of age he came with his parents to Missouri, and secured employment on a rope walk at Waverly. He ultimately became owner of the works and of a big plantation in Lafayette county, and as a consequence he became a slave owner. Shelby sympathized with the pro-slavery element, and in the "border troubles" which followed Shelby was a leader in several of the raids into Kansas. When actual hostilities began he was known among his neighbors as Captain Shelby. He raised a company of Confederate cavalry and entered the field, starting south to join General Price. A few weeks later Captain Shelby was commissioned as colonel of cavalry and ordered back to Missouri to recruit a regiment.

BOTH MEN SHOT DOWN.

Bloody Duel Between Prominent Citizens of Spurlington, Kentucky.

CAMPBELLSVILLE, Ky., Feb. 15.—At Spurlington, a railroad station six miles north of this place, about 4 o'clock Saturday evening, Kelley Bowles and Willis Gilpin had an encounter, in which each fired several shots, resulting in the killing of Bowles and the severe wounding of Gilpin.

Each was a prominent citizen with a family. Gilpin was a magistrate and member of the fiscal court of the county. About one year ago Gilpin assessed a fine of \$3 against Bowles for an assault John Crittenden, whereupon Bowles drew a pistol and fired upon Gilpin without effect and then struck him with the weapon. Gilpin sued for damages, which was compromised for \$500.

Bad blood has since existed. Gilpin's brother is the husband of Bowles's only daughter. Bowles was shot near the heart; Gilpin in the arm and hip. There is much excitement in the community.

INDICATIONS.—Increasing cloudiness, probably followed by local rains; slightly cooler in West Virginia and the southern portion of Ohio and Pennsylvania; northeasterly winds, becoming variable.

MANY States have adopted President Cleveland's suggestion and are going after the trusts. Georgia has already passed a bill curbing them and similar measures are pending in Alabama, Pennsylvania, Massachusetts, Indiana, Utah, Minnesota, Wisconsin and New Jersey. But why should the trusts be fought? Didn't the people vote for them last fall?

It will hardly be necessary to go all the way to Washington to witness the inaugural parade. In this progressive age, it will be reproduced throughout the country in a very short time. Edison, the wizard, has made arrangements to photograph the parade for the uses of the vitascope and biograph. The camera will be turned on as Cleveland and McKinley come in focus, and the vitascope and biograph will then picture the scene true to life to thousands of theatergoers in the following month all over the land.

AMERICAN APPLES

Are Having Marvelous Sales in Germany.

WASHINGTON, Feb. 11.—Reports coming to the State Department from Europe show that the American apple made an enormous market there for its cheapness, and says that the agricultural papers in Germany make the astonishing statement that no less than 8,000,000 double-centers of our apples—more than twenty times the import of any previous season—came into Germany last year. The Consul General thinks this gain of a great market may be made permanent if certain precautions, which he notes, are observed by American shippers.

Consul Monaghan, at Chemnitz, says the whole German Empire is alarmed at the great apple imports. The keeping qualities of the best American winter apples are subjects of astonishment to German growers, who expressed incredulity when told a Baldwin would easily keep six months.

Even from England, where the American apple is well known, come words of surprise at the great volume of imports of American apples, and Consul Meeker, at Bradford, sends extracts from newspapers to show they were actually a glut on the market.

A Solid Week of Fun.

There are farce comedies and farce comedies, but it is universally conceded by all the most eminent critics of the land that Rentfrow's Jolly Pathfinders' presentation of their celebrated repertoire of humorous plays stands pre-eminent and alone among all performances of this kind playing at popular prices, and their presentation of the same at the opera house this week, commencing to-night, assures our amusement patrons of the most brilliant comedy events ever witnessed in this city. The company is composed of artists of excellence, and plays are climaxes of sparkling fun and catchy music, endorsed by fifteen years of brilliant success, and by the press and public of all the principal cities. The Pathfinders are no strangers here, and Rentfrow's famous metropolitan band will be the big attraction on the streets this week, while his solo operatic orchestra will be a strong feature of the program every evening. Popular prices.

In Free Silver Mexico.

C. H. Collins, the Hillsboro (O.) poet-lawyer, who is traveling in Mexico, writes the following to the Gazette of that city: "My first idea was to merely sketch the scenery and general aspect of the country, but in Mexico the industrial relations so press to the front that you fall insensibly into studying it in contrast to the United States. One great fact I have learned, and that is, a Mexican dollar buys exactly as much here of the necessities of life as an American dollar in the United States. Foreign goods upon which duty is levied, are high, as with us. Mexico is prosperous, for Mexico. A visit here so far from changing my belief that we were right in advocating the coinage of silver at 16 to 1, only confirms my confidence in that policy; that we must come to it or lose our hold in the contest with silver using nations."

CASTORIA

For Infants and Children.

The fac-simile signature of *Chas. H. Fletcher* is on every wrapper.

SUNDAY Call: "James E. Cahill, of the Lewisburg neighborhood, who was old Mason's Representative in the last Legislature, asks an endorsement of his conduct by offering himself for re-election at the coming convention, subject to Democracy's principles. Mr. Cahill is a sober, honest man, never stooping to any act belittling to his constituency for the sake of personal ends, but showing by his life that justice, honor and truth are manly, and to follow these will make for the greatest happiness to greatest number. We believe he will have no opposition in his party; we unhesitatingly say he should not, because when men like Mr. Cahill are willing to leave their farms and large business interests and do the work of a public servant, we believe in showing gratitude by second election."

The Irish home rule party will have an excellent and very solid base from which to conduct operations in the overtaxation of Ireland by the British government. From that basis they can agitate safely and tremendously for home rule, and they will do the best for their native land by trying to have that grievance removed. The world will be in sympathy with them, even a large part of the British world. The world will also have considerable respect for them if they do this instead of flying at one another's throat and calling one another all the hard names even Irish eloquence is capable of using, whereas at present the world has no respect at all for the Irish home rule party in general.

THE Court of Appeals, in an opinion handed down Saturday by Judge DuRelle, overruled the motion for a rehearing in the cases of Scott Jackson and Alonzo Walling. There is talk of an appeal to the United States Supreme Court.

IN buying jewelry it is especially important to get the best. He who is wise will take nothing else, because you may as well throw your money at the birds as invest it in cheap jewelry. Ballenger's stock is the best that is manufactured.

SUIT was filed at Newport last week by a woman for divorce, in which she set up a rather peculiar plea. The prayer is based upon alleged abandonment, and in her petition the plaintiff avers: "That she knows of no cause of said abandonment other than the burden of supporting this plaintiff and the expected fruits of said marriage during the hardness of the times."

DOVER NEWS: "Chas. C. Dobyns, of the firm of W. B. Matthews & Co., lumber dealers at Maysville, has decided to make the race for County Clerk. Mr. Dobyns is a thorough 'true blue' Democrat, competent to fill the office, and has many enthusiastic friends eager to see him win the nomination. So far as we can learn he would make a careful, clever and reliable clerk, and Mason's Democracy would make no mistake in putting him to the front for the office he seeks."

CINCINNATI Enquirer: "The largest X-ray apparatus in the country has just been manufactured by D. J. Hauss for Dr. M. B. Ricketts, of this city. The coil itself weighs eighty-five pounds, the voltage of the coil being 800,000 volts. The entire outfit weighs 555 pounds and the apparatus gives a spark fourteen inches long. The results from the instrument are highly satisfactory, the use of the ordinary fluoroscope making a good showing. With the apparatus objects can be seen through with ease at a distance of a foot and a half on immediate application."

CINCINNATI TOBACCO MARKET.

Increase in Offerings and Prices Were Well Maintained Last Week.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The offerings were increased this week quite largely, so much so that on Wednesday two houses were shut out. We make note of this to show how important it is for sellers to divide their offerings up more evenly between the four days of the week, as all the tobacco offered this week could easily have been sold each day if properly divided.

We also want to say that we have paid particular attention to the offerings on Tuesday and Friday for the past year, and we find that the percentage of rejections is less than on Wednesday and Thursday; hence, there can be no reasonable objection to offer freely on those two days. Such heavy offerings on Wednesday are very trying to the buyers, who get very tired and worn out. We are sure that upon reduction sellers will readily see that it will be to their interest to offer more tobacco on Tuesdays and Fridays.

Prices this week were well maintained, the market being fully as strong as last week; all colors styles of both old and new are in active demand, and the same can be said of the red tobacco in each crop; the extreme low grades about held their own.

All parties holding bright or red tobacco can realize satisfactory prices on the same at the present time.

D. HUNT & SON.

R. B. LOVEL,

ENCOURAGED by my largely increased business of the past year, and in order to meet the largely increasing demands of my trade, I have taken advantage of the great depression in business throughout the country, which has been the cause of forcing large quantities of the most desirable goods in my line on the market at extremely low prices, and bought for cash the largest, cleanest and most attractive stock of goods ever offered to the people of this city. Therefore, I am in condition to offer to cash and prompt paying customers the greatest bargains ever offered to the trade and at the same time give them the very best class of goods. My stock consists of every article and much more than can be found in many strictly first-class houses in the country, consisting of Staple and Fancy Groceries and Canned Goods, best Sugar-cured Hams and Breakfast Bacon, Flour of various brands—Buckwheat Flour, Graham Flour, Entire Wheat Flour, Wheatlets;

NOW FOR '97.

pure Maple Syrup, the best brands of Pickles, Snider's Catsup and Chili Sauce, pure Cream Cheese, Fruits, both green and dried, of all kinds; in fact, every article that can be named and at prices that knock out all competition. My house is headquarters for Poultry, Game and Oysters in season, always fresh and tempting, and when you want the best cakes and bread don't fail to try my Perfection Flour—it is always the best; and my Blend Coffee has no equal. Watch for my Specials, and don't fail to take advantage of them. I want country people when in our city to make my house headquarters; you are always welcome. And don't forget that I run two wagons regular and will deliver all goods promptly. If you can't come, telephone No. 33, and your wants will be attended to. Thanking all for the very liberal patronage of the past, I hope, by fair dealing and prompt and polite attention to the wants of the public, to merit a continuance of same.

The Quaker Crimped Crust Bread Pan

Gives more bread from a given amount of flour than any other pan. And it is sweeter, better bread—moist inside, rich brown outside, and never burnt. It can't burn. The steam in the pan won't let the bread burn. It is more nutritious, and will keep longer than any other bread without becoming stale.

DR. M'CLUNG.

His Arrest For Forgery Causes Great Surprise at Portsmouth.

They Are at a Loss to Account For His Criminal Conduct.

The arrest of Dr. S. T. McClung, of Portsmouth, Friday evening on the charge of forgery caused a decided sensation in that city, where it seems the accused has been held in high esteem. His friends could hardly believe the report of his arrest at first and when convinced of its truth were at a loss to account for his criminal conduct.

The Tribune refers to Dr. McClung as "one of Portsmouth's most promising young practitioners," and says when he left that city Friday morning for Cincinnati his devoted young wife and other intimate friends had no thought of his failing to return the same evening as he intended to do, much less that his detention were due to the strong arm of the law.

Dr. A. D. Campbell, who has been associated with Dr. McClung at Portsmouth, came down Saturday afternoon to investigate the case, and see the accused. He was accompanied by City Editor McCall, of the Tribune. In speaking of the affair, that paper says:

"When Dr. Campbell and the Tribune called upon him at the jail he seemed very much agitated, and, in fact, the officers said he had been so much affected that he was completely unnerved and his distress of mind excited the sympathy of all who saw him. It was plain that it was his first offense and he deeply felt his guilt.

"Dr. Campbell took a very touching letter from Mrs. McClung and delivered it to him, in which that noble quality of true womanhood shone forth with rare lustre, and which must have given him much courage.

"He promised to write soon, and in the meantime his friends will try to secure bail.

"It may seem strange that Dr. McClung, having had no acquaintance in Maysville, could counterfeit Dr. Reed's chirography. But it is explained by Dr. McClung himself that he has been corresponding with Dr. Reed and others regarding his locating in Maysville for the practice of dentistry. Having Dr. Reed's signature he so successfully duplicated it as to deceive the bankers.

"It is said that when Dr. McClung presented the draft at the bank the cashier, who was an old Danville boy, remarked to him that he had a classmate in the Danville bank, calling his name, and asking the doctor if he knew him. He replied that he did and this gave him additional favor with the banker. The fact is Dr. McClung had no acquaintance at all in Danville.

"The whole affair is most unfortunate and painfully surprising to his friends. He was married only a few months since to a popular Louisville lady and their domestic life had been one of unalloyed pleasure.

"Dr. Campbell, who has known him intimately for years, could hardly realize how the young man could get the consent of his mind to commit a criminal act—he regarded him as a model young man."

Dr. McClung it is learned, belongs to one of West Virginia's highly respected families. He has received a number of letters and telegrams from friends and relatives, and arrangements will likely be made this week by them to give the required bail and secure his release from jail.

TURNPIKE RAIDERS IN LEWIS.

Several Gates Destroyed and the Raiders Ask the County Judge Not To Interfere.

[Enquirer.]

VANCEBURG, Ky., Feb. 12.—A hundred and twenty of the best-known citizens of Kinniconick, Lewis County, this evening tore down five gates on the Forty Miles turnpike, opening to the public the longest stretch of road in the county. One hundred raiders came to Vanceburg, waited upon County Judge Hillis and told him they didn't want him to interfere.

The raid opens a straight pike from Vanceburg to the Fleming line. This lays open two thirds of all the pikes in the county. There will not likely be any interference. There have been many complaints as to the condition of the pikes.

CLIFF CATTELL, aged twelve years, was arrested Thursday night while in the act of burglarizing the postoffice at Rome, O. Young Cattell has respectable parents, but he is a reader of detective stories and yellow-back novels. He implicates others.

J. L. PATERSON, editor of the Portsmouth Times, upon a plea of guilty of contempt of court, was sentenced to pay a fine of \$100, and to be confined in the county jail three days. In "roasting" some of the lawyers, he made statements that Judge Milner took as a reflection upon the court.

THE many friends of Dr. H. M. Marsh and wife will regret to learn that they will be forced to leave Danville on account of the doctor's health. About the first of March they will go to Colorado Springs, where a number of Louisville and Cincinnati physicians think Dr. Marsh will have good health. Dr. Marsh has made himself quite popular in Danville, both as a gentleman and as a physician, and the best wishes of the community will go with him and his estimable wife.—Danville Advocate.

STATE SENATOR CHARLES J. BRONSTON, of Lexington, and Miss Belle Wisdom, of Paducah, daughter of the late Benjamin Wisdom, one of McCracken County's wealthiest citizens, were married Saturday at 8 o'clock at the home of Mrs. George A. Hanes, St. Louis, Rev. Frank G. Terrell, of the Central Christian Church, officiating. The wedding was announced for last May, but was postponed on account of the illness of Miss Wisdom. The bride recently inherited \$250,000 from her father. Mr. Bronston is about forty-five years old. He is a widower, with three daughters and two sons.

A. P. A.'S DISSATISFIED.

Grown Weary of Republican Shackles. Sapp, of Louisville, Re-Elected President.

[Courier-Journal.]

It has developed that there was a highly exciting meeting of the delegates to the State A. P. A. convention last Monday at Paducah. The attendance for a State convention was very small, because of the hard times, but those present made up for lack of numbers by saying interesting things about each other.

State President C. E. Sapp was re-elected after a hot fight, in which he had to listen to many unpleasant things. His friends now claim that the opposition to Sapp and Todd was defeated at every turn, and they are crowing loudly over it. This, however, is denied by the anti-Sapp-Todd faction.

The most important scene, however, that occurred at the meeting took place between the delegates who were present from Louisville. Most of these were anti-Todd-Sapp people, and they plainly said that Mayor Todd would not and could not get the support of the order in his race this year in this city. They told of many "mean things" the Mayor had done, and how he had "betrayed his friends," and then intimated that if the Democrats of Louisville put up the right kind of a ticket this year most of the A. P. A.'s would support it. This was highly disagreeable news to Mr. Sapp, and he tried to pacify the delegates, though without success.

HER DAYS ENDED.

America Davis, a Notorious Character of This City, Dies at the County Infirmary.

America Davis, colored, who had been for many years a familiar figure to the citizens of Maysville, died at the county infirmary Sunday morning. During the extreme cold weather her feet were frozen and she was taken to the infirmary where she spent her last days.

With all her faults she was not entirely without redeeming traits, and many a charitable hand was extended in her behalf by our citizens for more than a quarter of a century.

For some reason she had become a terror to many small children, but in all the years she spent here she had never harmed a child. She figured frequently in the Police Court, but all of her many offenses were of a trifling nature.

Death of Ollie Sears.

Mr. Ollie Sears, aged about twenty-one, died Friday night at 10 o'clock, at the home of his parents, Mr. and Mrs. John Sears, of the Sixth ward, after a lingering illness, of consumption. The funeral occurred Sunday afternoon at 3 o'clock at Mitchell Chapel, with services by Rev. U. W. Darlington. Deceased was a young man of exemplary character, and was esteemed by his large circle of friends.

THE COUNTY ASSESSMENT.

The Supervisors Make a Reduction of 15 Per Cent., and County Clerk Cochran Will Be Busy Some Time Figuring.

The County Supervisors of Tax concluded their work Friday.

Before adjourning they made an order reducing the assessment on certain realty 15 per cent., the order applying to the real estate in the city and county except that which was bought between September 15, 1895, and September 15, 1896.

This will make a pile of work for County Clerk Cochran, as the reduction in every instance will have to be figured out.

That was a ridiculous law in Wisconsin which sentenced inebriates to Keeley institutes and made the county in which they lived pay a round sum for their expenses. No wonder the supreme court of the state pronounced it unconstitutional. Such a law simply put a large sum of money into the hands of the vendors of a private and secret nostrum.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

Homer D. Martin, the well known landscape painter, died late Saturday afternoon at 74 Wabash street, St. Paul. He was born at Albany, N. Y., Oct. 18, 1836.

Thomas Smith, an Erie freight conductor, was run over in the Erie yards at 10 o'clock Saturday night at Kent, O., and badly mangled. He lived 30 minutes. He was 30 years old, and had a wife and two children in Gallon.

Mrs. Mary Abram, an invalid, 50 years of age, was left alone in her home at Hudson, O., seated in an arm chair in front of a fire. When her children returned two hours later, they found her seated as they had left her, her body burned to a crisp. Her dress had accidentally caught fire.

WOMEN'S FATAL DUEL.

Alice Kinsley slashes Off Her Mother-in-Law's Nose.

EAST ST. LOUIS, Feb. 15.—Alice Kinsley and her mother-in-law, Mattie Kinsley, fought with knives at the dinner table, at their home, in Flanagan's alley, Saturday. Alice had the strength and agility, but her mother-in-law had years of experience in carving. Old Mrs. Kinsley stumbled once and Alice, with a vicious upper cut, sliced off her nose.

The women were alone in the house, but their cries attracted the police from the station across the alley. The elder Mrs. Kinsley did not know her nose had been cut off. It had been stepped on during the encounter, and was not in shape to be sewed on again. Both women were terribly slashed about the head, face and arms, and it is believed both will die.

Kentuckian Shot.

GUTHRIE, Ky., Feb. 15.—H. D. Day, a prominent society man of this place was shot yesterday afternoon at 4:30 by Mac Talliaferro. It is said that Talliaferro was jealous of Day's attention to his wife. The affair is deplorable inasmuch as both parties stood high in this community.

Parted by Law.

CHILLICOTHE, O., Feb. 15.—Charles Merkle was granted a divorce from his wife Saturday afternoon on the ground of unlawful association. Mrs. Merkle was Miss Hannah Platt, a niece of the late Donn Platt.

Death of an Old Soldier.

NORWALK, Conn., Feb. 15.—General W. D. Couch, the aged soldier who has been critically ill with heart and stomach trouble, died at his home on Isaacs street, shortly after 10 o'clock last night.

The Soldier Cyclist.

Experiments made with the bicycle in military service show that even in parts of the country where good roads are few and where streams must be forded and mountains crossed the steel horse is destined to become an invaluable aid. During 1896 the bicycle corps of the Twenty-fifth United States infantry made a series of experimental runs and drills upon the wheel. One of the cyclist soldiers was a practical machinist, who could at short notice make repairs.

The corps made a trip from Fort Missoula, in Montana, across the Rocky mountain divide to Yellowstone park. In 126 hours of actual riding they traveled 797 miles over execrable routes for the bicycle. Their best time was 72 miles in one day of 8 1/2 hours. The men carried their food, ammunition, camping outfit, etc. Nearly all was fastened to the bicycle in various ways. The average weight of the bicycles packed with the extra luggage was 79.7 pounds. The fine athletic fellows did extremely well with this load. Rifles were strapped horizontally on the left side of the bicycle. Even along roads where the men could not ride they found the wheel a great help, for the heaviest part of their luggage was strapped to it, and they could trundle it along thus loaded easier than they could have carried the burden.

Along marches with the army, the bicycle corps kept up constant communication with the rear and the advance, and with the wagon train. In their journeys they found brakes to be absolutely necessary. They also found that the pneumatic tire will not do for military work, and that a wood rim must be riveted as well as glued.

John Hays Hammond, the American who was mixed up in the British raid in the Transvaal, and who was one of those captured and subsequently released by Paul Kruger's government, writes for The North American Review a paper on the future of South Africa. He says it will certainly be 30 years yet before the gold deposits in Witwatersrand district are exhausted. Three billion dollars may be put down as a moderate estimate of the gold that will be obtained altogether from the district. When we consider that the entire output of California from 1849 up to the end of 1896 has been only \$1,282,000,000, we form an idea of how rich the South African central gold yielding district is. Mr. Hammond believes that in a few years the annual output of the Rand district will be \$100,000,000.

CANTON, O., Feb. 15.—A dispatch announces that the Spanish authorities at Regla have arrested Charles Scott, an American. The prisoner is presumed to be Oliver Ream of this city, who has traveled under that name for several years, and from whom relatives can receive no communication. J. H. Ream, the father, feels certain that the prisoner is his own son.

LOS ANGELES, Cal., Feb. 15.—The condition of Madame Modjeska is greatly improved and all intention of performing an operation for appendicitis has been abandoned, unless her condition changes for the worse. The countess is in good spirits and hopes soon to be able to go to her ranch for a complete rest.

DISPATCH FROM CANEA.

Insurgents Joined by the Greek Volunteers.

LONDON, Feb. 15.—A dispatch to The Times from Canea says that the village of Halepa, the residence of the consuls, was in a state of great trepidation yesterday, owing to the approach of the insurgents, who joined, it is stated, by Greek volunteers assembled in great force on Akrotiri peninsula, made an advance in the neighborhood. The Hellenic flag, hoisted on the arrival of the Greek warships, was displayed on the summit of an adjoining hill. All of the members of the families of the consular agents were transferred to the warships. The Greek consulate, when garrisoned, with an impressive show of force by native Christians and sailors in anticipation of an attack from the Mohammedans from the vicinity of Canea.

The insurgents advanced yesterday toward the isthmus connecting the peninsula with the mainland and engaged the Turkish artillery throughout the afternoon. The Mohammedans at Canea were in a state of extreme excitement, and owing to rumors of an intended attack upon the consulates at Canea, special precautions were taken at the offices of the British consul. The archives were packed and ready for removal before daylight. About 400 Bashibazouks and a company of regulars hurried out from Canea and attacked the Christians. The Christians were finally repulsed and pursued into the interior of the peninsula. Subsequently the bishop of Canea invoked the aid of the consuls with a view to the establishment of the armistice, but practical difficulties were in the way of intervention.

It is reported that the Christians have succeeded in making a stand and that they now maintain their position.

Heraklion is now more quiet, as a large portion of the Christian population has embarked on board the men-of-war and departed from the city.

The government has demanded a written assurance from the consuls that the Greek fleet is not to molest the transport conveying troops to Sitia. This transport was compelled to return Friday by the firing from a Greek warship. This assurance was given by the British vice consul and by Captain Grenfell of the turret ship Trafalgar.

The foreign ministers at Athens met at the French legation for the purpose of considering the situation. It is believed that they decided to address further representations to the Grecian government, which, replying to their recent statements, declared that the government, having full knowledge of the situation, has not hesitated to assume the whole responsibility for the measures it has taken.

The reserves of 1898-4 classes have been called out.

Grecian officers starting for Crete who, having been recalled at the last moment, and ordered to rejoin their regiments, have resigned their commissions and issued a manifesto explaining that they are leaving the army in order to fight for the freedom of their brethren in Crete.

The report is current at Canea that the Turkish authorities considering that resistance to the cause of the Christians in Crete is hopeless, have requested the foreign commanders to occupy the town.

The commanders of the men-of-war have referred the subject matter to their respective governments, and asked for instructions.

A Greek steamer arrived at the island of Syria last night with 1,500 refugees who left Candia on the advice of the commander of the Greek warship and the foreign consuls there.

FEUD SETTLED WITH LEAD.

One Killed and Two Fatally Wounded in a Fight Near Gadsden, Ala.

GADSDEN, Feb. 15.—For years T. C. Galloway and B. F. Killian have been at daggers' points on account of a family feud. Killian is a section foreman, and his territory is principally through Galloway's farm. Saturday Galloway, in company with his two sons, went to Killian and notified him that he was taking dirt from that portion which did not belong to the railroad company. Words followed, and in a few minutes Galloway and his two sons flashed a rifle and pistol and opened fire.

Killian and his brother Tom returned the fire with shotguns. Jean Galloway, aged 18, was instantly killed, and his brother, Charles, was shot four times. B. F. Killian was shot in the shoulder and cheek. The elder Galloway was shot at twice and his horse was shot from under him. Charles Galloway and Killian will both die. T. C. Galloway is one of the largest property owners in the county, and is prominent in his neighborhood. Tom Killian is supposed to have killed the youngest boy, and has surrendered to the sheriff.

Rates to Carson City.

CHICAGO, Feb. 15.—A telegram received from Carson City by Siler and Hogan, signed by Dan Stuart, says that the announced basing rate of 11-5 of \$34.50 from Ogden to Carson will probably be supplemented by a further reduction of the extra 1-5. This would make the round trip rate from Chicago something like \$62.50 and from Missouri river points \$50.
